## Highlights

### 2-button release system

With the 2-button release system of the Philips handblender it is easy to remove the blending bar for easy cleaning.

### Single switch

Single switch for easy use.

### Slim-grip

The Daily Collection Hand blender has a slim-grip to fit any hand.

### ProMix blending technology

The Philips handblender ProMix technology was developed together with the prestigious Stuttgart University. It is an advanced technology for more consistent and faster blending. The unique ProMix blending technology of Philips hand blenders uses a triangular shape to create an optimal flow and gives maximum performance making silky smooth soups and smoothies.

### Strong 250 Watt motor

# 250 W

The combination of the special design of the blending foot with 250 watt motor ensures you will have the perfect blending result.

### Electric spoon accessory

With this smart accessory you can simulate hand whipped mixing but in a much faster way with the same delicious result.
